

INTERNET ACCESS SHARING AGREEMENT

A neighborly arrangement, in writing

This Agreement is made on the date signed below between _____ (“Provider”), of _____, and _____ (“Recipient”), of _____.

Provider agrees to share access to Provider’s residential internet connection with Recipient by wireless link, as a courtesy and on the following terms:

- 1. As-is service.** The connection is provided strictly “as is” and “as available.” Provider makes no warranty or promise of any kind, including as to speed, availability, reliability, security, or fitness for any purpose, and provides no security, filtering, backup, or technical-support services.
- 2. Lawful use only.** Recipient will use the connection only for lawful purposes. Recipient will not use it for copyright or trademark infringement (including unauthorized downloading or sharing of media), harassment, fraud, unauthorized access to systems, distribution of malware, or any other unlawful activity.
- 3. No resale or extension.** Recipient will not resell the connection, charge others for it, or extend it beyond Recipient’s own household.
- 4. No fee.** This is a courtesy arrangement. Recipient pays no fee for the service. Any voluntary contribution toward costs is a gift and creates no service obligation.
- 5. Network separation and logging.** Recipient’s access runs on a separate, isolated network segment. Recipient acknowledges that Provider may log connection metadata (such as timestamps and session records) and may review such logs if a complaint or investigation arises.
- 6. Responsibility and indemnity.** Recipient is solely responsible for all activity originating from Recipient’s network segment and for Recipient’s own devices, accounts, and online dealings. Recipient will indemnify and hold Provider harmless from any claim, demand, damage, or expense (including reasonable attorney’s fees) arising out of Recipient’s use of the connection.
- 7. No liability.** To the fullest extent permitted by law, Provider is not liable to Recipient for any loss or damage of any kind arising from use of, reliance on, or interruption of the connection, including financial losses, data loss, device damage, or losses from online fraud or scams.
- 8. Termination.** Either party may end this arrangement at any time, for any reason, without notice. Provider may suspend or restrict access immediately if Provider believes the connection is being misused.
- 9. Entire agreement; governing law.** This is the entire agreement between the parties about the shared connection and replaces any prior understanding. It is governed by the laws of the State of Tennessee.
